

The Evening Bulletin.

Second Street. Afternoon Express. Sunday. From and King Street.

J. T. STACKER, EDITOR.

FRIDAY, MAY 24, 1895.

Several times during the month efforts were made by members of the Legislature to create a municipal government for Honolulu and thus separate its affairs from those of the general government. In the opinion of a great many people on the islands the step would be a beneficial one in many respects and the passage of such an act by the first Legislature in the history of the Republic might be the means of conciliating the dissatisfied ones.

The death of *Mons. Henri Leon Verleye*, representing the French Republic in Hawaii, removes from our midst a man thoroughly respected for his qualities as a man and for his ability as a diplomat. After *Mons. Verleye's* arrival here he quickly established himself among the members of the diplomatic corps as a man of no mean ability. His opinions during the political troubles of Hawaii were often courted by those who had spent long years in the service. As a husband and a father he was devoted to a degree that attracted the attention of all who had the honor of coming in contact with him. The sympathies of the *Evening Bulletin* are extended to *Mons. Verleye* in her deep loss.

Some men who learn to ride horseback believe that it is essential for them to have the horse go at top speed believing they have control enough over it to stop it in case ladies and children should get in the way or, that the streets belong to them to be used in whatever manner they please. It is not uncommon to see these riders, even in the city limits, going at a dangerous pace and with no interference from the police. On the outskirts, however, it is an every-day affair, and was he unto the luckless wight who gets in their way. With a mounted patrol such as we have there seems to be no valid reason why this should not be stopped by the arrest of the offenders. There is a law against it and it should be put into execution.

If the selection of Mr. Thurston as orator of the day by the G. A. R. is objectionable to the people who will attend, his name should be withdrawn. So far as the objection to Mr. Thurston on the score of nationality goes, the matter is briefly the most that can be said is he has a bad standing with the government at Washington and having it should not be brought face to face on occasions like Memorial Day with men who fought to preserve the country. As has been said many times, the people here who insult Mr. Cleveland by scurrilous remarks, do not hurt him but they insult Americans generally, no matter what their opinions may be. Mr. Thurston is not liked by the Administration nor does he like Mr. Gresham, such being the case there is seemingly no reason why he should have been selected to deliver the oration when there are so many Americans here equally well qualified to speak. It is not too late to make a change and Mr. Thurston can make other arrangements for spending the day.

Honolulu is blessed with the best hack service of any city its size in the world, and it is astonishing that Hackmen carts have not been put in operation; they are comfortable and safe and quite as pleasant to ride in as a four-wheeler.

"Music Bath Charms."

EVENING BULLETIN:

It is an old saying: "Music bath charms." True. But there are times when it becomes a nuisance. When Colonel McLean arrived in Honolulu he was received with open arms and good will. Since his arrival he has caused many beneficial changes in the army, for which we are truly thankful. On the other hand, if he is the cause of the nuisance of which I am about to complain, there are many persons in the neighborhood of the "drill shed" who wish he had never come to Honolulu. I am one of the persons that have to earn my living by nightwork, and sleep from about 3 a. m. to 12 m. "To sleep, per chance to dream," is very refreshing indeed, but if a nuisance is permitted to exist near you which prevents either of these luxuries, what then? Why, seek to have it removed.

Now for the nuisance. From morning till night peaceable persons are forcibly compelled to listen to those fellows in the drill shed learning to blow the bugle. Now, sir, if the "powers that be" require a competent bugler, it is very desirable they should engage one as soon as possible and get rid of those learners, or else have a place erected on top or centre of Punch-bowl for learners of this desirable instrument. The poor sick invalids in the hospital, I am sure, will agree with me in this proposition.

I require more rest and sleep, and I trust this nuisance will be soon abated. I remain, sir, yours sorrowfully. ALEX. BOLSTER.

While in Stockton, Cal., some time ago, Thos. F. Langan, of Los Banos, that state, was taken very severely with cramps and diarrhoea. He chanced to meet Mr. C. M. Carter, who was similarly afflicted. He says: "I told him of Chamberlain's Colic, Cholera and Diarrhoea Remedy, and we went to the Holden Drug Store and procured a bottle of it. It gave Mr. Carter prompt relief and I can vouch for its having cured me." For sale by all dealers. Benson, Smith & Co., agents for the Hawaiian Islands.

THIS PAPER is kept on file at K. C. Agency, 61 and 63 Merchant's, 4th St., San Francisco, California, where contracts for advertising can be made for it.

Business Talks

May 24, 1895.

If the business in any one line was controlled by one individual, what would be the result? If there was a demand for his wares he would be richer than Croesus at the end of a year and you would have to pay through the nose for what you bought of him. In the United States competition has brought the price of necessities down to a stage where people may have them and not be looked upon as extravagant. If you will look around among our stock you will find that it is made up largely of articles for which you have every day use. We have luxuries as well, but, to-day we tell you of things needful about the house. Agate ware for instance!

There's been a scarcity in Coffee Biggins in town, but we have a stock of them That will interest everyone.

We get our goods in agate ware from La Lance and Grosjean, the makers, and they have the reputation of making the best goods in their particular lines in the United States. We can get "seconds" from them, but the first quality is the best because the enamel will not chip off.

Water coolers, handsomely painted outside and enamel lined inside. Small ones for a family or large ones for a foundry.

Japanned ware includes cake tins, trays, crumb pans, cuspidors and lots of other things. The prettiest and probably the most useful article in the lot is a toilet stand, very neat as to decorations and complete as to detail in the matter of articles that go with them.

The one that will strike your fancy Has a water tank that will Hold sufficient water for the day.

The price of these articles is not in proportion to the value of the goods. You get more for your money than you are used to, but then—competition has fixed that in the United States—we buy cheap and follow the same rule in selling, you understand the Golden Rule.

Retained Glue Pots and Slop Bowls Are a new thing with us: Bright and pretty, like a silver dollar.

And you can get them at a price that will amaze you. You should have one of these because they are useful and serviceable.

This is a fish-eating community because the fish are fresh and of an exquisite flavor. All people do not know how to cook them so as to get the substance.

With one of our Agate Steamers you Can steam or boil your fish And not lose the flavor.

These fish kettles vary in size from the mullet to the alua, and the price goes according to the size.

Farmers' Boilers are not used in every household, but there is scarcely a plantation on the islands but what requires one; they are not to be found in every store in the city, but we have a few of them to accommodate the people who want them.

Among other useful articles let us call your attention to agate and tin basting spoons, tea and coffee caddies, egg poachers, chopping bowls, dish pans, dairy pans and wooden potato slicers.

What is better with your chop In the morning than a few Saratoga Chips? You can get them By using one of these slicers.

Our stock is complete in detail—nothing old or shop-worn.

THE PACIFIC HARDWARE Co. Cummins' Block.

IT PROVED ::

to me that good goods and low prices are still appreciated in Honolulu. I therefore intend to give my customers and the public in general another opportunity. I beg to call attention to the special bargains in our line of

Wool Goods, Cashmere, Flannelettes & Flannels.

Sale will commence MONDAY, April 22d.

M. S. LEVY,
Fort Street.

Havana Flats

is the latest novelty in cigars. This is a perfectly flat cigar. The filler is Havana of a very high grade and laid in, like the sheets of a book, in the same way as cigars that cost \$150.00 per thousand. The outside appearance of the cigar conforms to the filler, and is perfectly flat. Those of our cigar customers who have sampled them pronounce the Havana Flats of excellent quality and of unique and attractive shape.

Havana Cigars

by reason of their superior quality and name are usually sold at high prices. We have an excellent line of these cigars direct from Havana. While the quality of these cigars is at the top-notch our prices have been scaled down to bring these popular cigars within the reach of all.

Manila Cigars

need very little said in their praise, for they are well known here to every smoker. It would be difficult to get a better cigar for the price at which Manilas are sold. We allow no one to undersell us in this line. We compete with any nationality. Remember that when looking for Manila Cigars.

HOBRON DRUG CO.
